

LED LIGHTS THAT PUT THE GREEN BACK INTO YOUR BUSINESS

Enlighten your operating overhead

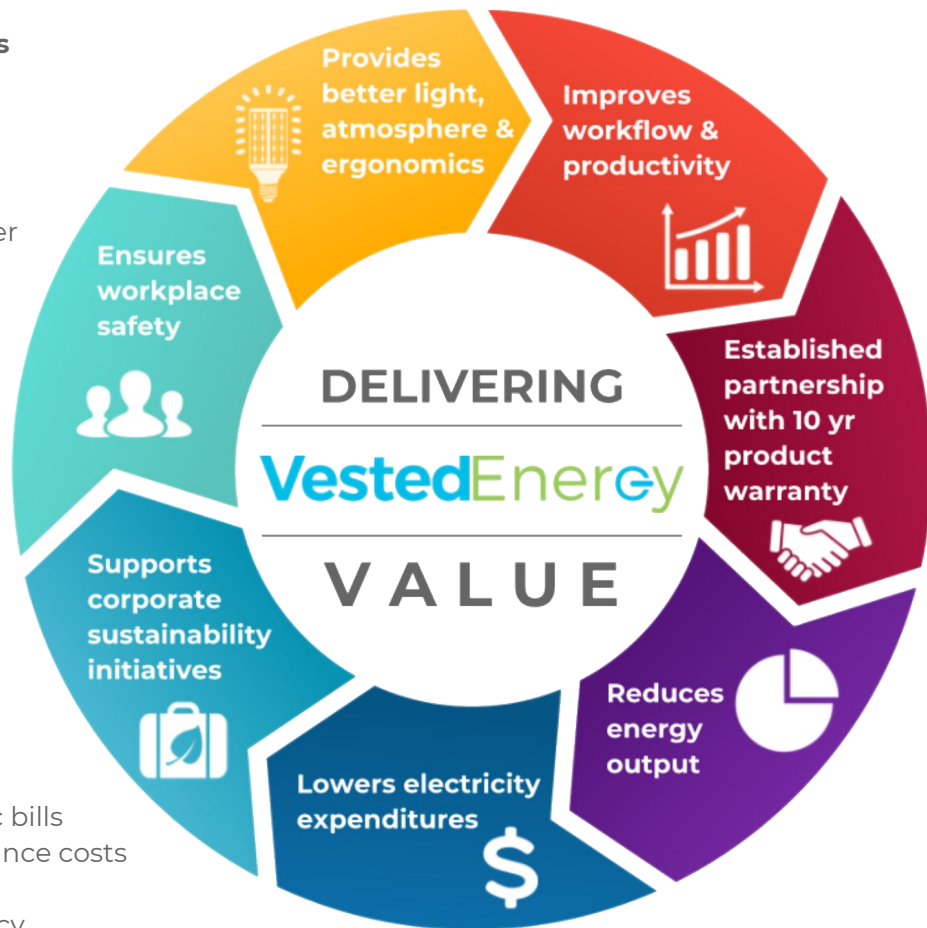

Not all facilities are created equal and we know it's difficult to keep overhead budgets lean. Our LED lighting solutions are designed to streamline your budget and improve your workplace.

As a manufacturer's rep, we deliver even better wholesale pricing for your organization. We handle all the details and logistics, saving you precious time. We work with participating utility companies nationwide to ensure you receive all applicable rebates—which we also take off the top of your purchase.

Our licensed technicians swiftly retrofit, replace and/or install our LED lighting solutions to your specs. ROI is calculated upfront, so you know what you'll save.

Benefits of our LED solutions

- ★ 50% to 75% savings in lighting electric bills
- ★ 90% reduction in associated maintenance costs
- ★ Brighter light promotes better safety
- ★ Better light yields better work efficiency
- ★ Virtually no degradation in light output
- ★ 15 to 20 year effectiveness with lighting controls
- ★ 10 year manufacturer warranty
- ★ Multiple locations increase cost savings across the organization
- ★ Supports environmental sustainability and organizational responsibility initiatives
